About Us

Established in 2019, KSP Enterprises is a trusted importer and exporter of high-quality building materials. We specialize in supplying timber, timber-based products, glass, tiles, and other essential construction materials to support residential, commercial, and industrial projects.

With strong global sourcing networks and a commitment to reliability, we ensure consistent quality, competitive pricing, and timely delivery. Our goal is to be a dependable partner for contractors, developers, and businesses seeking durable and modern building material solutions.

Our Mission

To supply premium building materials with reliability, quality, and service excellence — building strong partnerships and stronger structures.

Our vision

To become a leading and most trusted importer and exporter of building materials, recognized for quality, reliability, and excellence in service.

- **Softwood (Pinewood/spruce/far)**

most demanded thicknesses, widths, lengths and specification details

Thick & Width	Moisture	Grade
16mm x 150mm	16%-18%KD	AB
